New York, Dec. 17.—Coppers and utilities were again the only striking exception to the general strength of the active flat at the opening of today's stock market, reacting fractionally, while sils added I to 2½ points to yearlerday's material gains and other popular 'ssues also recorded substantial advances. United States Steel, United States Rubber, Great Northern Ore, American Can and Distillers indicated moderate accumulation with standard rails.

Furtner advances in oils, steels and equipments were the rule during the dull noon hour, tobaccos also joining the list of strong specialties Shippings were persistently heavy, however, and liberty fourth 4½s made a further drop to \$5.50.
